

Introduction of Our School

School name:	CETIS 26 Technical High School
School address:	Av. Ignacio Zaragoza S/N, Col. Centro, Atitalaquia, Hidalgo, México.
School URL:	https://www.cetis26.edu.mx
PR message:	“To reach the future with our own technology”

Our school:

CETIS 26 offers technical education in the specialties of Mechatronics, Electricity, Industrial Mechanics, Programmer, Human Resources Management and Office Automation; the students can either study a technical career to start a new job or continue with higher education in Technological Institutes or Universities, so the students get practical abilities as well as scientific knowledge. The junior high school certificate is necessary to enter this level.

Prototypes Fairy

At the end of each study semester, the school carries out the Prototypes Fairy for all specialties. In it, students show their creativity and knowledge to solve some community problems.

Practicing outside in different types of manufacturing industries.

School name: CETIS 26 Technical High School

The Centre for Industrial and Services Technological Studies (CETIS 26 by its Spanish acronym) is a public school, it was established in 1978 in the municipality of Atitalaquia in the Mexican State of Hidalgo. CETIS 26 is one among 14 Hidalgo State's technical schools. Atitalaquia is located 70 km from the State Capital, Pachuca and 80 km away from Mexico City.

Reinforcing and developing the social-emotional skills.

Each September our students show to the community the Mexican Folklore and traditional Culture.

With the theme “In our school there are places for all” since 2015, our school provides special attention for people with disabilities, aim of this theme is to develop their skills to get a better-quality life.
